

Acquisition profile

Logistics

Swiss Life Asset Managers Logistics is a leading developer, investor and holder of logistics and distribution real estate in Europe. We see ourselves as a partnership-oriented project developer and investor in logistics, distribution and commercial real estate as well as land acquisition. We are always interested in expanding our portfolio.

🔍 We are looking for land in sustainable locations. It must fulfil the following criteria:

Investment criteria for land

- Grundstücke*
- Greenfield and brownfield sites with an area of between 10,000 sqm and 1 million sqm suitable for logistics/distribution.
 - Undeveloped/developed land
 - Land with or without planning permission

Location within relevant logistics clusters in Europe in infra-structurally important locations with good access to motorways and/or federal roads.

Please send your investment teasers/memos to ankauf-logistics@swisslife-am.com

Note: This acquisition profile does not constitute a brokerage mandate and does not justify any brokerage commission claims in the event of a purchase. Brokerage commissions are generally only paid after written commission agreements have been concluded. Please send us an informative investment teaser for initial review. Only properties comprising a full address will be considered.
